

New England Center

**Special Announcement
March 6, 2014**

Seeking Youth with Disabilities (16-25) from New England for a Youth Advisory Board (YAB)

The New England ADA Center wants to help young people understand their rights under the Americans with Disabilities Act (ADA) as they apply to college or to their first job!

When students leave high school, they become responsible for identifying and securing the assistance they need to succeed. However, students with disabilities when given the choice, do not always invoke their rights or request accommodations. With your help, we'd like to know why and figure out ways to address this.

Let's talk about rights and ways to teach them to others!!!
